

Anglo/Brazilian
Northern Mato Grosso Expedition 1967/69

FLORA OF MATO GROSSO

No. R. 56

Ouratea nana (St. Hil.) Engl.

16.5 km. N. of Xavantina on Xavantina -
Cachimbo road.

Subshrub 80 cm tall. Witch's broom
on inflorescence. Majority of plants of this
species in the area have these witch's brooms
replacing the normal inflorescence; they also
occur on other Ouratea species.

Date: 8.7.1967
