

FLORA OF BRAZIL

State of Mato Grosso

No. R 5024

Cissus

---

Near the IBDF Base de Pesquisa da Fauna do Pantanal, c. 30 km from Porto Jofre (17°20'S 56°48'W) on the Transpantaneira.

Remains of semidecisuuous forest, now a pasture, on a 'cordilheira' (large area of slightly higher non-inundated ground) in the pantanal.

Climber on a barbed-wire fence. Flowers greenish yellow-cream.

Date. 16. 8. 1984

Coll.: J.A. Ratter
